September 9, 2011

Dear Friends:

The Edmund W. & Susan G. Gordon Community Partnership and the CEJES Institute will be hosting a luncheon on November 12, 2011 to honor four dynamic

“Women Pioneers in Medicine.”

- *Susan G. Gordon, MD*
- *Margaret Morgan Lawrence, MD*
- *Martha “Bobby” MacGuffie, MD**
- *Frances Pratt, RN*

We will be publishing a Journal that will highlight the lives of our four honorees and provide tribute to these trail blazing women. Collectively and individually these women overcame challenges, defied the odds and became successful role models for youth and especially young women.

We are asking that you join in the tribute by taking out an advertisement and/or offering your congratulations to acknowledge the work of these exceptional women. The Journal will be a publication that will be distributed at the luncheon.

We also hope you will consider joining us for the exhibit and luncheon which will be held at the Paramount Country Club in New City, New York from
12 noon to 3PM.

The deadline for submission to the Journal is **October 21, 2011**. All ads and messages should be submitted in PDF format.

If you require further information, please contact Susan Shurtleff at the CEJES Institute business office # 845-354-5809 or by email sashurtleff@yahoo.com.

Thank you!

**The Gordon Community Partnership and The CEJES Institute
are 501(c)(3) not –for –profit-organizations.
Your donations are tax-deductible to the extent permitted by law**

*A portion of the proceeds from this fundraiser will be donated to the SHARE Foundation (Society for Hospital and Resources Exchange), as a tribute to the memory of its founder Dr. MacGuffie. SHARE is a non-profit organization comprised of volunteers working together toward a common goal to help children and communities in Africa.
